PLENARY MEETING

Note by the Secretary-General

COORDINATED PROPOSALS

On the basis of all the proposals, which the Members have up to now sent to me, in accordance with the relevant provisions of the Convention, I hereby submit to the Conference the present document.

Therein, the Radiocommunication Bureau has grouped those proposals basically according to elements proposed respectively for the 1995 agenda (Annex 1) and the 1997 agenda (Annex 2). Annex 3 contains some other proposals.

In view of the limited number of contributions from Administrations, the respective elements are referred to by the number of the proposal without reproducing the text of the proposals.

Pekka TARJANNE
Secretary-General

ANNEX 1

Elements proposed for the 1995 Agenda

VGE report	USA/7/1 CAN/9/1 J/10/1 EUR/11/1 B/17/1 ARS/19/1 AUS/20/1 IND/25/1 VGE/28/1
Allocations and associated provisions in the VHF/UHF bands for the MSS	USA/7/1 CAN/9/6 IND/25/1
Sharing criteria MSS terrestrial services	J/10/3 B/17/5 ARS/19/1 AUS/20/1 IND/25/1
Review coordination procedures MSS	EUR/11/1 B/17/4 ARS/19/1 AUS/20/1 F/24/1
Advanced date of use of 2 GHz MSS bands	CAN/9/1 EUR/11/1 B/17/2 AUS/20/1
Feeder links for the MSS	USA/7/1 CAN/9/1 EUR/11/1 B/17/3 ARS/19/1 AUS/20/1
Characteristics of FPLMTS	B/17/5
Power limits for space services in 2025-2110 MHz (MOD RR2547)	CAN/9/1 AUS/20/1
MSS spectrum requirements for 1997	USA/7/1
Use of 136-137MHz (Resolution 408)	EUR/11/1
Use of 399.9 - 400.05 MHz	USA/7/1
Status of METSAT/EESS in 401-403 MHz (Resolution 710)	J/10/2 EUR/11/1 IND/25/1

Provisions for MSS in 1545-1559/1646.5-1660 MHz	USA/7/1
EESS status in 8 GHz and 14 GHz	AUS/20/1 IND/25/1
FSS in 13.75-14 GHz (Resolution 112)	USA/7/1 EUR/11/1 IND/25/1
Review of AP30/30A	AUS/20/1 F/21/1 EUR/30/1

GENEVA, 15-19 NOVEMBER 1993

Draft

Note of the Secretary-General

STRUCTURE OF THE
WORLD RADIOCOMMUNICATION CONFERENCE (WRC-93)
Geneva, 1993

The agenda of the Conference appears in Resolution 1032 which was adopted by the Council at the final meeting (20 December 1992) of its 47th session.

Bearing in mind Nos. 356 to 367 inclusive of the Convention of the International Telecommunication Union, Geneva, 1992, the following committees with their terms of reference are suggested. These terms of reference have been drawn up within the framework of the Constitution and Convention, the Conference agenda and in the light of experience at previous conferences.

Committee 1 - Steering Committee

Terms of reference :

To coordinate all matters connected with the smooth execution of work and to plan the order and number of meetings, avoiding overlapping wherever possible in view of the limited number of members of some delegations (No. 360 of the Convention, Geneva, 1992).

Committee 2 - Credentials Committee

Terms of reference :

To verify the credentials of delegations and to report on its conclusions to the Plenary Meeting within the time specified by the latter (No. 361 of the Convention, Geneva, 1992).

Committee 3 - Budget Control Committee

Terms of reference :

To determine the organization and the facilities available to the delegates, to examine and approve the accounts for expenditure incurred throughout the duration of the Conference, and to report to the Plenary Meeting the estimated total expenditure of the Conference, as well as an estimate of the costs that may be entailed by the execution of the decisions taken by such a conference (Nos. 364 to 366 of the Convention, Geneva, 1992).

Committee 4 - Agenda Committee

Terms of reference :

On the basis of proposals from administrations:

1. To make recommendations for the agenda for the 1995 WRC, including:

1.1 The review of the Radio Regulations based on the report of the "Voluntary Group of Experts to Study the Allocation and Improved Use of the Radio-Frequency Spectrum and the Simplification of the Radio Regulations",

1.2 Any guidance on facilitating the use of frequency bands allocated to the mobile-satellite service,

2. To make recommendations for the preliminary agenda for the 1997 WRC.

Committee 5 - Editorial Committee

Terms of reference :

To perfect the form of the texts to be included in the Final Acts of the Conference without altering the sense, for submission to the Plenary Meeting (Nos. 362 and 363 of the Convention, Geneva, 1992).

Pekka TARJANNE
Secretary-General

WORKING GROUP 4A

Note by the Chairman of Working Group 4A

DRAFT AGENDA FOR WRC-95

The draft agenda for WRC-95, prepared on the basis of the consolidated proposals submitted by the Administrations is submitted to Working Group 4A for consideration.

J.F. BROERE
Chairman of WG 4A

Annex: 1

ANNEX

Draft agenda for WRC-95

RESOLUTION

The World Radiocommunication Conference (Geneva, 1993),

considering

- a) Resolutions 8 and 9 of the Additional Plenipotentiary Conference, Geneva, 1992;
- b) Article 13 of the Constitution (Geneva, 1992) regarding the competency and scheduling of world radiocommunication conferences and Article 7 of the Convention (Geneva, 1992) regarding their agendas; and
- c) the relevant Resolutions and Recommendations of previous World Administrative Radio Conferences;

recognizing

- a) that the work of the VGE should be considered and implemented as quickly as possible, to ensure that future decisions of the Radiocommunication Sector are made within the framework of any new substance, structure or arrangement of the Radio Regulations;
- b) that activities related to the planning of the mobile-satellite service consequential to the decisions of WARC-92 indicate that some of those decisions may require clarification;
- c) that the use of frequencies in the fixed-satellite service for feeder links for non-geostationary-satellite networks are an integral aspect of facilitating the use of the frequency bands allocated to the mobile-satellite service and both services may benefit from additional guidance by the Conference;

considering further

- a) that the increase in status in Article 8 to the space services in the band 2 025 - 2 110 MHz was not accompanied by an appropriate change to the limits in Article 28 to ensure compatible sharing conditions with terrestrial services sharing the band on an equal basis;
- b) that the urgency of some of these matters and the short duration of this Conference has required the adoption of Resolutions which provide temporary guidance until these matters can be considered in detail by the World Radiocommunication Conference, 1995;
- c) that there are many possible solutions open to the Radiocommunication Sector on some of these issues including those which may arise from the work of the Radiocommunication Study Groups;

resolves

to recommend to the Council that a world radiocommunication conference be held in Geneva in late 1995 for a period of four weeks, with the following agenda:

1. to review the report of the Voluntary Group of Experts; to take action as appropriate to revise the Radio Regulations; and to provide a clear timetable for the resolution of any outstanding items; USA/7/1, CAN/9/1, J/10/1, EUR/11/1, B/17/1, ARS/19/1, AUS/20/1, IND/25/1, KEN/26/1, Document 28/4
2. to consider the possibility of bringing forward on a worldwide basis the date of entry into force of the allocation to the mobile-satellite service in the bands 1 980 - 2 010 MHz and 2 170 - 2 200 MHz and to take action as necessary; CAN/9/1, EUR/11/1, B/17/2, AUS/20/1
3. to consider the frequency allocation and regulatory aspects of providing feeder links to mobile-satellite systems, especially those using non-geostationary orbits, and to take action as appropriate; USA/7/1, CAN/9/1, EUR/11/1, B/17/3, ARS/19/1, AUS/20/1
4. to review the procedures [and provisions] for the coordination of mobile-satellite systems and for the sharing of the mobile-satellite service with other services, in particular Resolutions Nos. 46, 70, 212 and 213, and Recommendation No. 717, and to take action as appropriate; EUR/11/1, B/17/4, ARS/19/1, AUS/20/1, F/24/1
5. to consider raising to primary status the allocations to the meteorological-satellite and Earth exploration-satellite services in the bands 401 - 402 and 402 - 403 MHz, as indicated in Resolution No. 710; J/10/2, EUR/11/1, IND/25/1
6. to review No. 855A of the Radio Regulations, in accordance with Resolution No. 112;
7. to consider frequency allocations and associated provisions for the band 399.9 - 400.05 MHz; USA/7/1 (paragraph 1.3)
8. to consider the possible deletion of all secondary and permitted allocations from the band 136 - 137 MHz, which is allocated to the aeronautical mobile (R) service on a primary basis, in accordance with Resolution No. 408 and in order to meet the special needs of the aeronautical mobile (R) service; EUR/11/1
9. to give initial consideration to proposals and views on the options to improve the effectiveness and efficiency of Appendices 30 and 30A of the Radio Regulations for Regions 1 and 3, with a view to WRC-97 undertaking further action; AUS/20/1, F/21/1, EUR/30/1
10. to consider proposals for inclusion in Article 28 of power limits for earth stations of the Earth exploration-satellite, [space operation] and space research services in the band 2 025 - 2 110 MHz; CAN/9/1, AUS/20/1
11. to assess spectrum requirements for MSS and feeder links to be considered by WRC-97; USA/7/... (paragraph 3);
12. in accordance with Article 7 of the Convention (Geneva 1992):
 - 12.1 to consider the activities of the Radio Regulations Board, the Radiocommunication Bureau and certain activities of the Radiocommunication Assembly, and take appropriate action; USA/7/1, CAN/9/1, ARS/19/1, AUS/20/1, IND/25/1
 - 12.2 to consider and approve the report of the Director of the Bureau on the activities of the Sector since the last conference; see 12.1
 - 12.3 to recommend to the Council the agenda for the 1997 World Radiocommunication Conference, the provisional agenda for the 1999 Conference, and to give views on possible agenda items for future conferences; see 12.1, EUR/11/1, KEN/26/3 + 4

13. to identify those items requiring priority action by the Radiocommunication Study Groups;
14. to consider the sharing criteria between the mobile-satellite service and the fixed, mobile and other radio services to be incorporated into the Radio Regulations, based on the Recommendations of the ITU Radiocommunication Assembly; J/10/3, B/17/5, ARS/19/1, AUS/20/1, IND/25/1
15. to consider the changes to the Radio Regulations consequential to the introduction of FPLMTS; B/17/5
16. to consider the appropriate provisions for implementing the mobile satellite services in the 1 545 - 1 559 MHz and 1 646.5 - 1 660.5 MHz bands including the need for priority access for stations providing aeronautical mobile-satellite (R) services; USA/7/1
17. to consider raising the status of the allocation to the Earth exploration-satellite service in the band 8 025 - 8 400 MHz in Regions 1 and 3, with a view to the WRC-97 undertaking further action; AUS/20/1, IND/25/1
18. to consider the allocations to services in the band 13.75 - 14 GHz and No. 855A (RR) (Resolution No. 112 of WARC-92);
19. to consider appropriate provisions to indicate that maritime mobile and maritime mobile-satellite distress, urgency and safety communications should not be conducted in frequency bands where the GMDSS is not applicable;
20. to consider raising the status of the allocation in No. 713 (RR) to the Earth exploration-satellite service in the band 13.4 - 13.75 GHz, with a view to the WRC-97 undertaking further action; AUS/20/...
21. to consider the Improved Efficiency in the Use of the Appendix 18 VHF Frequency Spectrum for Maritime Mobile Communications; (Recommendation No. 318), USA/7/1, J/10/4
22. to consider Article 61 relating to the Order of Priority of Communications in the Maritime Mobile Service and in the Maritime Mobile-Satellite Service; USA/7/1
23. to recommend to the Council items for inclusion in the agenda of the WRC 1997 and a preliminary agenda for the WRC 1999; USA/7/1, EUR/11/1, CAN/9/1, ARS/19/1, AUS/20/1, IND/25/1, KEN/26/3 + 4
24. to consider initially the availability of the new allocated HFBC bands; TUR (et al.)/31/1
instructs the Director of the Radiocommunication Bureau

1. to make any arrangements necessary to convene Conference Preparatory Meetings on [...] to provide guidance material to the World Radiocommunication Conference, 1995; CAN/9/1
- 1.1 to provide input to the Conference Preparatory Meeting in support of the 1995 Conference based on the agenda contained in this Resolution; CAN/9/1
- 1.2 to begin work in support of the preliminary agenda for the World Radiocommunication Conference, 1997; CAN/9/1

invites the Secretary General

1. to make all the arrangements necessary for holding the Conference;
2. to communicate this Resolution to concerned international and regional organizations;

invites the Council

to make provision for the World Radiocommunication Conference 1995 and to initiate as soon as possible the necessary consultation with Members.

GENEVA, 15-19 NOVEMBER 1993

WORKING GROUP 4B

Note by the Chairman of Working Group 4B

DRAFT PRELIMINARY AGENDA FOR WRC-97

The draft preliminary agenda for WRC-97, prepared on the basis of the consolidated proposals submitted by the administrations is submitted to Working Group 4B for consideration.

L. BROWN HERNANDES
Chairman of Working Group 4B

Annex: 1

ANNEX

Draft preliminary agenda for WRC-97

RESOLUTION (B)

The World Radiocommunication Conference (Geneva, 1993),

considering

that in accordance with No. 118 of the Convention of the International Telecommunication Union (Geneva, 1992) in connection with Resolution No. 1 of the Additional Plenipotentiary Conference (Geneva, 1992) the general scope of the agenda for the 1997 World Radiocommunication Conference should be established four years in advance;

resolves

to recommend to the Council to include the following items on the agenda of the 1997 World Radiocommunication Conference:

1. based on proposals from Members of the Union, review, and where necessary, revise the provisions of the Radio Regulations with respect to the following topics:

1.1 frequency allocations and associated provisions of the Radio Regulations relating to mobile-satellite services, including allocations for feeder links for mobile-satellite services, taking account of the results of the 1995 WRC (USA/8/1, IND/25/2, AUS/20/2);

[1.2] to incorporate changes in the Radio Regulations to facilitate the use of the band 1 675 - 1 710 MHz by the mobile-satellite service in Region 2, without prejudicing the rights of administrations under Resolution No. 46 to protect and operate existing or future systems in the services sharing the bands (CAN/9/2);

[1.3] to consider inclusion into the Radio Regulations of procedures for the coordination and notification of frequency assignments of non-geostationary-satellite networks in certain space services and the other services to which the bands are allocated, as stipulated in Resolution No. 46 (WARC-92) (EUR/11/2, AUS/20/2, IND/25/2);

[1.4] to examine the introduction in Article 27 of suitable limits on the characteristics of mobile systems in order to facilitate sharing of the bands 2 025 - 2 110 MHz and 2 200 - 2 290 MHz between the mobile service on the one hand and the space services on the other hand, as indicated in Resolution No. 211 (WARC-92) (USA/8/1, EUR/11/2, ARS/19/2, IND/25/2);

1.5 take any further necessary action concerning the date of entry into force of the allocation to the mobile-satellite service in the bands 1 980 - 2 010 MHz and 2 170 - 2 200 MHz (AUS/20/2);

1.6 review the technical coordination parameters in Appendix 28 based on the latest studies carried out by the Radiocommunication Sector as required by Resolution No. 712 (USA/8/1, CAN/9/2 and 7, ARS/19/2);

1.7 allocation of frequency bands above 50 GHz to the Earth exploration-satellite service (USA/8/1);

- 1.8 examination of the use of HF bands allocated to the broadcasting service in light of developments to date (USA/8/1, I/NOR/MCO/HOL/TUR/D/31/1);
- 1.9 in view of the decision taken by the International Maritime Organization (IMO) that the global maritime distress and safety system (GMDSS) shall be fully implemented in 1999 (EUR/11/2);
- 1.9.1 to review the provisions of Chapters IX and N IX, as stipulated in Resolution No. 331 (Mob-87);
- 1.9.2 to decide on the date for transferring entirely to J3E emissions on the carrier frequency 2 182 kHz for distress and safety communications, as stipulated in Resolution No. 200 (Mob-87);
- 1.9.3 to decide on the date of entry into force of the 10 kHz guardband for the frequency 500 kHz in accordance with Resolution No. 210 (Mob-87);
- 1.9.4 to consider whether there is a need to provide a frequency for routine (non-distress) calling by radiotelephony in the bands between 1 605 - 4 000 kHz after the full implementation of the GMDSS, as stipulated in Resolution No. 330 (Mob-87);
- 1.10 Resolution No. 408 (Mob-87) relating to Use of the Band 136 - 137 MHz by Services other than the Aeronautical Mobile (R) Service (USA/8/1);
- 1.11 Resolution No. 710 (WARC-92) relating to Primary Service Requirements for the Meteorological-Satellite and Earth Exploration-Satellite Services in the Band 401 - 403 MHz (USA/8/1, ARS/19/2);
- 1.12 raising the status of the allocation to the Earth exploration-satellite service in the band 8 025 - 8 400 MHz in Regions 1 and 3 (AUS/20/2, F/23/1);
- 1.13 raising the status of the allocation No. 713 (RR) to the Earth exploration-satellite service in the band 13.4 - 13.75 GHz (AUS/20/2, F/22/1);
- 1.14 Resolution No. 112 concerning the allocations to services in the band 13.75 - 14 GHz and No. 855A (RR) (ARS/19/2, AUS/20/1-2);
- 1.15 Resolution No. 712 (WARC-92) relating to Consideration by a Future Competent World Administrative Radio Conference of Issues Dealing with Allocations to Space Services Which Were not Placed on the Agenda of WARC-92 (USA/8/1, ARS/19/2, AUS/20/2, F/22/1);
- 1.16 options for improvements to the broadcasting-satellite service Plans for Regions 1 and 3 in Appendices 30 and 30A (AUS/20/2, F/21/1, EUR/30/1);
- 1.17 to review the provisions of the Radio Regulations concerning radioastronomy, in particular Articles 1, 13 and 36, in view of new technology and new observation methods, taking also account of Recommendation No. 66 (EUR/11/2);
- 1.18 review Appendix 8 of the Radio Regulations dealing with limits for spurious and out-of-band emissions based on the studies carried out by the Radiocommunication Sector, as required by Recommendation No. 66 (USA/8/1, ARS/19/2, AUS/20/2, IND/25/2);
- 1.19 to consider the possible allocation of appropriate frequency bands for the operational use of wind profiler radars, as indicated in Recommendation No. 621 (WARC-92) (USA/8/1, CAN/9/8, EUR/11/2, ARS/19/2, AUS/20/1-2, IND/25/2);
- 1.20 Recommendation No. 711 relating to the Coordination of Earth Stations (USA/8/1);
- 1.21 Recommendation No. 715 (ORB-88) relating to Multiband and/or Multiservice Satellite Networks using the Geostationary-Satellite Orbit (USA/8/1);
- 1.22 Recommendation No. 719 (WARC-92) relating to Multiservice Satellite Networks using the Geostationary-Satellite Orbit (USA/8/1);

1.23 to consider and as appropriate, further implement the Recommendations of the VGE (CAN/9/2);

2. consider the report of the Director of the Radiocommunication Bureau on the activities of the Radiocommunication Sector since the last conference (USA/8/1, CAN/9/2, ARS/19/2, AUS/20/2, IND/25/2);

3. recommend to the Council items for inclusion in the agenda of the 1999 WRC; and recommend a preliminary agenda for the 2001 WRC (USA/8/1, CAN/9/2, ARS/19/2, AUS/20/2, IND/25/2, KEN/26/4);

instructs the Director of the Radiocommunication Bureau

1. to make any arrangements necessary to convene Conference Preparatory Meetings on [...] to provide guidance material to the 1997 Conference;

2. to plan the work of the Study Groups;

2.1 to provide input to the Conference Preparatory Meeting in support of the 1997 Conference based on the preliminary agenda contained in this Recommendation (USA/8/2, CAN/9/2, AUS/20/2, F/21/1, IND/25/2);

invites the Secretary-General

1. to make all the arrangements necessary for holding the Conference;

2. to communicate this Recommendation to concerned international and regional organizations (CAN/9/2).

WORKING GROUP 4A

DRAFT AGENDA FOR WRC-95

On the basis of the discussions of Working Group 4A on the above-mentioned subject the following structure of the agenda for WRC-95 is submitted for consideration by Working Group 4A.

1. Review the report of the Voluntary Group of Experts on the simplification of the Radio Regulations.
2. Mobile-satellite service
 - 2.1 Frequency allocation and regulatory aspects of providing feeder links to mobile-satellite services especially those using non-geostationary orbits
 - 2.2 The possibility of bringing forward, on a worldwide basis, the date of entry into force of the allocation in the 2 GHz band for the mobile-satellite service
3. Other issues
 - 3.1 Items 4, 5, 6, 8, 10, 14 of Documents DT/5 and USA/7/1 (paragraphs 1.1 and 1.2)
 - 3.2 Items 12.1, 12.2, 12.3 and 13 of Document DT/5
 - 3.3 Items 16 and 17 of Document DT/5
 - 3.4 Items 7, 15, 19, 21 and 22 of Document DT/5
4. Other proposals for initial consideration by WRC-95
 - 4.1 Items 9, 11, 20 and 24 of Documents DT/5 and AUS/20/1 (paragraph 4.b)

Jan F. BROERE

Chairman of Working Group 4A

GENEVA, 15-19 NOVEMBER 1993

WORKING GROUP 4A

Add to item 3:

[3.3 to consider raising the status of the allocation in No. 713 (RR) to the Earth exploration-satellite service in the band 13.4 - 13.75 GHz, with a view to the WRC-97 undertaking further action AUS/20/...];

3.4 to consider the Improved Efficiency in the Use of the Appendix 18 VHF Frequency Spectrum for Maritime Mobile Communications (Recommendation No. 318);

Add to item 4:

d) to consider Resolution 712 with the view to understanding further actions by WRC-97;

i) to consider the availability of the new allocated HFBC bands with a view to further considerations by WRC-97;

5. to consider such consequential changes and amendments in the Radio Regulations as may be necessitated by the decisions of the Conference;

instructs the Director of the Radiocommunication Bureau

1. to make any arrangements necessary to convene Conference Preparatory Meetings on [...] to provide guidance material to the World Radiocommunication Conference, 1995;

1.1 to provide input to the Conference Preparatory Meeting in support of the 1995 Conference based on the agenda contained in this Resolution;

1.2 to begin work in support of the preliminary agenda for the World Radiocommunication Conference, 1997;

invites the Secretary-General

1. to make all the arrangements necessary for holding the Conference;

2. to communicate this Resolution to concerned international and regional organizations;

invites the Council

to make provision for the World Radiocommunication Conference 1995 and to initiate as soon as possible the necessary consultation with Members.

WORKING GROUP 4A

Note by the Chairman of Working Group 4A

DRAFT AGENDA FOR WRC-95

The draft agenda for WRC-95, prepared on the basis of the consolidated proposals submitted by the administrations is submitted to Working Group 4A for consideration.

J.F. BROERE
Chairman of WG 4A

Annex: 1

ANNEX

Draft agenda for WRC-95

RESOLUTION

The World Radiocommunication Conference (Geneva, 1993),

considering

- a) Resolutions Nos. 8 and 9 of the Additional Plenipotentiary Conference, Geneva, 1992;
- b) Article 13 of the Constitution (Geneva, 1992) regarding the competency and scheduling of world radiocommunication conferences and Article 7 of the Convention (Geneva, 1992) regarding their agendas; and
- c) the relevant Resolutions and Recommendations of previous World Administrative Radio Conferences;

recognizing

- a) that the work of the VGE should be considered and implemented as quickly as possible, to ensure that future decisions of the Radiocommunication Sector are made within the framework of any new substance, structure or arrangement of the Radio Regulations;
- b) that activities related to the planning of the mobile-satellite service consequential to the decisions of WARC-92 indicate that some of those decisions may require clarification;
- c) that the use of frequencies in the fixed-satellite service for feeder links are an integral aspect of facilitating the use of the frequency bands allocated to the mobile-satellite service and both services may benefit from additional decision of the Conference;

considering further

- a) that there are several other issues which can be treated at WRC-95 without unduly impacting consideration of VGE and MSS issues;
- b) that the urgency of some of these matters and the short duration of this Conference has required the adoption of Resolutions which provide temporary guidance until these matters can be considered in detail by the World Radiocommunication Conference, 1995;
- c) that there are many possible solutions open to the Radiocommunication Sector on some of these issues including those which may arise from the work of the Radiocommunication Study Groups;

resolves

1. to review the report of the VGE, and considering proposals from administrations, and take action as appropriate to revise the Radio Regulations; and to provide a timetable for the implementation of the VGE recommendations;
2. on the basis of the report from the Conference Preparatory Meeting and proposals by administrations:

2.1 with the view to facilitate the use of frequency bands allocated to the mobile-satellite services:

- a) review the frequency bands allocated to these services and the associated provisions including Resolutions and Recommendations;
- b) review the dates of entry into force of allocations to these services; with due regard to the operation of stations of the other services to which the bands concerned are also allocated;
- c) consider allocations for feeder links for the mobile-satellite services taking account of the interference that may be caused to satellite systems in the GSO;

further resolves

3. to consider limits relative to earth stations of the EESS, space research. and [space operation] services in the band 2 025 - 2 110 MHz;

3.1 to review Resolution 112 in the light of the results of studies carried out in application of that Resolution.

4. to consider preparatory work to be carried out by the Study Groups and the Conference Preparatory Meetings of the Radiocommunication Sector relating to:

- a) Appendices 30 and 30A for Regions 1 and 3;
- b) the complete introduction of the GMDSS for consideration by the 1997 Conference and adopt in this respect any appropriate measure to facilitate this introduction;
Proposal submitted by the Chairman on behalf of Morocco
- c) assess requirements for the MSS and associated feeder links, for consideration by the 1997 Conference and where necessary, adopt limited allocations.

GENEVA, 15-19 NOVEMBER 1993

COMMITTEE 3

DRAFT

REPORT OF THE BUDGET CONTROL COMMITTEE
TO THE PLENARY MEETING

1. The Budget Control Committee held two meetings during the World Radiocommunication Conference and considered the points arising under its terms of reference.
2. Under Nos. 364 to 366 of the Convention, Geneva, 1992, the Committee's terms of reference are :
 - a) to determine the organization and the facilities available to the delegates ;
 - b) to examine and approve the accounts for expenditure incurred throughout the duration of the conference ;
 - c) to present a report to the Plenary Meeting showing the estimated total expenditure of the conference as well as an estimate of the costs that may be entailed by the execution of the decisions taken by such conference.
3. Organization and facilities made available to delegates
 - 3.1 Although the Radiocommunication Assembly and the World Radiocommunication Committee were organized in parallel, the Budget Control Committee considered that the facilities made available to delegates were very satisfactory and wished to express its thanks for all the efforts made to ensure the smooth running of the Conference.
4. Financial responsibilities of Conferences
 - 4.1 The attention of the Budget Control Committee was drawn to Article 34 of the Convention (Geneva, 1992) which stipulates that :
 - "1. Before adopting proposals or taking decisions with financial implications, the conferences of the Union shall take account of all the Union's budgetary provisions with a view to ensuring that they will not result in expenses beyond the credits which the Council is empowered to authorize.
 2. No decision of a conference shall be put into effect if it will result in a direct or indirect increase in expenses beyond the credits that the Council is empowered to authorize".

5. Budget and expenditure of the World Radiocommunication Conference

5.1 The Council, at its 47th session in 1992, provisionally entered in the 1993 budget a credit of 1,580,000 Swiss francs for the convening of the first World Radiocommunication Conference pending an appropriate decision of the Additional Plenipotentiary Conference in December 1992. Since then, this credit has been broken down as follows : 1,026,000 Swiss francs for the Radiocommunication Assembly and 554,000 Swiss francs for the World Radiocommunication Conference.

5.2 The budget of the World Radiocommunication Conference was adjusted to take account of changes in the conditions of employment of staff in the United Nations Common System and of the Swiss franc/US dollar exchange rate. It stands on 1st November 1993 at 566,000 Swiss francs.

5.3 The table in Annex I to this report sets out the expenditure of the World Radiocommunication Conference as estimated on 15 November 1993. It emerges that the total expenditure is estimated at around 476,000 Swiss francs, thus leaving a provisional saving of 90,000 Swiss francs.

6. Financial implications of the decisions taken by the Conference

6.1 No additional expenditure resulting from the execution of the decisions taken by the Conference can be foreseen.

7. Contributions of entities and organizations to the expenses of the Conference

7.1 Article 33 of the Convention, Geneva 1992, provides that the entities and organizations which have been authorized to participate in a radiocommunication conference shall share in defraying the expenses of the conference in question unless they have been exempted by Council.

7.2 According to No. 481 of the Convention, Geneva 1992, the amount of the contributory unit for entities and organizations which contribute to the expenses of that Conference amounts to 1,480 Swiss francs. The contributions are considered as Union income.

7.3 The list of entities and organizations which participate in the work of the Conference is found in Annex 2 to this document.

The Plenary Meeting is requested to consider and approve this report, which will then be forwarded to the Secretary-General, together with the comments of the Plenary meeting for submission to the 1994 Council.

G. KITHINJI
Chairman of Committee 3

COMMITTEE 2

Draft

REPORT BY COMMITTEE 2 TO THE PLENARY MEETING

(Credentials)

1. Terms of reference

The terms of reference of the Committee are described in Document 37.

2. Meetings

The Committee met twice, on 16 and 18 November 1993.

At its first meeting, it set up a working group comprised of the Chairman and Vice-Chairman of the Committee, and a delegate from each of the following countries : United States and Gabon, to verify the credentials of delegations, in accordance with Article 31 of the Convention of the International Telecommunication Union (Geneva, 1992).

3. Transfer of powers

In accordance with the provisions of No. 335 of the Geneva Convention (1992), the transfer of powers from Liechtenstein to Switzerland was approved at the first meeting of Committee 2.

4. Conclusions

The Committee's conclusions are given in the Annex to the present document and are submitted to the Plenary Meeting for approval.

5. Closing remarks

The Committee recommends the Plenary to authorize the Chairman and the Vice-Chairman of Committee 2 to verify the credentials received after the date of this report and to submit their conclusions in that respect to the Plenary Meeting.

B. AGNAN
Chairman

NOTE FROM THE CHAIRMAN OF THE CONFERENCE

Fulfilling the task given to me by the Plenary Meeting of Wednesday, 17 November, 1993, and after lengthy consultations, I hereby submit the following suggested addition to Draft Res. [] concerning the Agenda for the WRC 95.

Insert after the present "considering" the following new text:

" **considering further**

- a) that the World Administrative Radio Conference, WARC-92, allocated the frequency bands 1970-2010 MHz and 2160-2200 MHz in Region 2, and 1980-2010 MHz and 2170-2200 MHz in Regions 1 and 3 to the Mobile-satellite service on a primary basis as of 2005;
- b) that this Conference recommends to the Council to include in the agenda of the 1995 World Radiocommunication Conference the review of the above date;
- c) that some administrations expressed the wish to start the coordination procedure contained in Resolution 46 as soon as possible due to the long time that may be required for the completion of that coordination;
- d) that some administrations already submitted information on projected mobile-satellite networks,

recognizing further

that the administrations shall comply with the provisions of the Final Acts of WARC-92 without prejudice to the decisions to be taken by the WRC-95 in respect of the matters referred to in "considering further" above."

Insert after "resolves" § 2.1. the following new § 2.2:

"2.2 following review of the date mentioned in the provision No. 2.1 b) above to also review and take decisions on the status of those satellite systems of the Mobile-satellite service in the above bands which have been published before WRC-95 as well as those which may be published before the date reviewed."

Insert after the existing text in "invites administrations" the following text as a new, second paragraph:

"2. to cooperate in coordination consultations referred to in "considering further c)" above to facilitate the early identification and resolution of any coordination difficulties."

V.V. TIMOFEEV
Chairman
